QUIZ 6

COMP9021 PRINCIPLES OF PROGRAMMING

There are no stripes of width 1 in the grid! \$

Date: Trimester 3, 2024.

\$ python3 quiz_6.py

Input an integer, an integer greater than 0, and a number between 0 and 1: $0\ 1\ 1$ Here is the grid that has been generated:

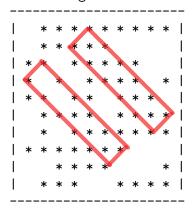

1	*	*	*	*	*	*	*	*	*	*	1
	*	*	*	*	*	*	*	*	*	*	-
	*	*	*	*	*	*	*	*	*	*	-
	*	*	*	*	*	*	*	*	*	*	-
	*	*	*	*	*	*	*	*	*	*	-
	*	*	*	*	*	*	*	*	*	*	-
	*	*	*	*	*	*	*	*	*	*	-
	*	*	*	*	*	*	*	*	*	*	-
	*	*	*	*	*	*	*	*	*	*	-
	*	*	*	*	*	*	*	*	*	*	-

The size of the largest stripes of width is 10. There is 1 stripe of that size. Here it is:

QUIZ 6 3

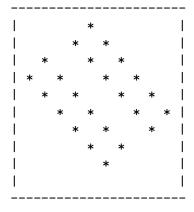

\$ python3 quiz_6.py

Input an integer, an integer greater than 0, and a number between 0 and 1: $0\ 2\ 0.8$ Here is the grid that has been generated:

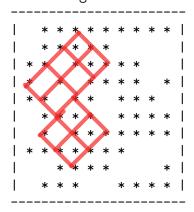

The size of the largest stripes of width is 12. There are 2 stripes of that size.

Here they are:

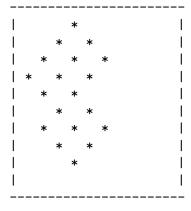

\$ python3 quiz_6.py

Input an integer, an integer greater than 0, and a number between 0 and 1: 0 3 0.8 Here is the grid that has been generated:

The size of the largest stripes of width is 9. There are 3 stripes of that size.

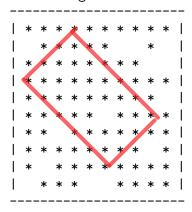

Here they are:

QUIZ 6 5

\$ python3 quiz_6.py

Input an integer, an integer greater than 0, and a number between 0 and 1: $0\ 4\ 0.9$ Here is the grid that has been generated:

The size of the largest stripes of width is 24. There is 1 stripe of that size. Here it is:
